AquaPäd

The AquaPäd 2010 is the 11th yearly conference since the foundation of BvAP.

In the premier fields of interest, babyswimming, childrens' swimming, aquafitness, legal, financial and insurance issues reknowned presenters offer speaches and workshops on latest developments in theory and practice.

Above that, the AquaPäd offers a platform for the exchange of information, experience, questions – an opportunity to learn from one another and profit from the large experience of long-time swimschool owners.

A fair and exhibition offers participants the chance to browse, to talk to producers and dealers and explain their individual requirements, thus helping in the development of new products or the improvement of existing equipment. Legal, financial and insurance issues can be discussed individually with experts.

The Strandhotel Weissenhäuser Strand with it's unique Spa-and Wellness areas is situated near the dunes of the Baltic Sea and offers a large variety of activities inside and out for times of recess or leisure.
